GLOBAL UNITY PROGRAM

Connecting the World through Pride

WorldPride Amsterdam 2026 will be a celebration of connection, a moment when activists, allies and communities from every corner of the world come together under one powerful theme: UNITY. To make this gathering accessible, meaningful and unforgettable, we proudly introduce the Global UNITY Program, a curated experience designed for international delegates, human rights defenders, and changemakers who embody the spirit of Pride. Through the Global UNITY Program, guests will not only take part in the festivities but truly become part of the movement.

More than a ticket, the Global UNITY Program is an invitation: to exchange ideas, build friendships, celebrate progress, and reaffirm our shared commitment to freedom and equality. The program welcomes applications from LGBTQIA+ activists and organizations worldwide. Participation is limited and subject to review. Priority may be given to applicants whose work aligns with the mission and values of WorldPride. Our aim is a diverse, balanced and truly global representation.

If you have any questions or would like to know more about the Global UNITY Program, please don't hesitate to contact **Aron le Fèvre**, aronlefevre@pride.amsterdam
